This tool is to hold the laser focus spacer used on the Falcon 2 22w laser engraver from Creality. I wanted to make sure I didn't misplace the tool - attaching it to the front of the unit is the obvious choice as it's accessible even with an enclosure.

-----

Cet outil sert à ranger le truc qui sert à faire le focus du laser sur le graveur laser Falcon 2 22w de Creality. Je voulais être sûr de ne pas l'égarer - l'endroit idéal est le devant de l'appareil pour être accessible même avec la "tente" sur le graveur.
